

The conclusion of the preliminary technical expertise when making changes in the design of vehicle

Replacement units for passenger cars <i>(type of vehicle - cars)</i>	6000 ruble
Install the backup pedals for cars <i>(type of vehicle - cars)</i>	6000 ruble
Replacing the license plate of the unit or add-ins <i>(type of vehicle - truck, passenger, bus)</i>	6000 ruble
Change the type of vehicle trucks <i>(type of vehicle - truck, passenger, bus)</i>	7000 ruble
Installation of refrigeration and refrigeration equipment	6000 ruble
The refurbishment of the bus <i>(type of vehicle - truck, passenger, bus)</i>	6000 ruble
Change the category <i>(M1 passenger wagon, cargo van N1)</i>	6000 ruble
Installation (replacement) of the tank car <i>(type TC - cargo)</i>	6000 ruble
Setting bed on a truck	6000 ruble
Changing the length of the frame on trucks and trailers	7000 ruble
The retrofitting of the vehicle for the carriage of dangerous goods <i>(the codes EX/II, EX/III, MEMU, FL, AT, OX)</i>	12000 ruble
Setting manual control on the vehicle to use t/C drivers with dysfunction of the musculoskeletal system	3500 ruble
Installation of LPG	4000 ruble
Installation of additional equipment	5000 ruble

1. The cost of the technical examination of the vehicle structure include one design change.
2. The cost of the technical expertise of the structure of the vehicle on trucks, buses and trailers with two or more changes is increased by 2000 rubles for each.
3. The cost of examination may be increased depending on complexity and volume.
